

**CAST IRON**  
Direct and Natural Vent Gas Stoves

Warm your heart for  
years to come.

Radiance in Bordeaux

## Direct & Natural Vent Gas Stoves

Add Vermont Castings® beauty and quality to your home

Here are three gorgeous designs to fit any décor in your home. All built with cast-iron strength, and all built to perform the way every Vermont Castings Stove performs...perfectly.

Featuring *FireCast* "FireCast" burner delivers "Top in Class" dancing flame and intense radiant glow

### Vermont Castings Quality

#### THE FINEST FEATURES

The impeccably smooth finish of each Vermont Castings Gas Stove is a credit to the sophisticated manufacturing process unique to Vermont Castings. As the only manufacturer in North America with both the foundry and enameling under one roof, we can assure that the casting and enameling are of the utmost quality.

Here are just a few of the items you won't find on competitive models:

- Leg levelers on the Radiance, Stardance and Intrepid DV, so the stove won't wobble on an uneven hearth;
- Optional warming shelves with metal "mitten drying" racks;
- Matching porcelain enamel pipe for natural vent applications and matching paint for the vent pipe shipped with direct vent models.

#### ULTIMATE COMFORT

The Comfort Control System modulates the fan and flame together controlled by a hand held remote control. All powered by the tiny pilot flame, the Comfort Control System requires no electricity to operate. Found on direct vent versions of the Radiance and Stardance.

- All-in-one valve construction – no additional fan required
- Six level modulating flame and fan
- Thermostat governs flame and fan together for maximum comfort
- Timer will shut off fire at a later time, so you can go to bed without worrying

**Radiance in Biscuit**

## RADIANCE

The best choice for the most flame and the most heat. The Natural Vent is ideal as a wood stove replacement, using existing flue.

### Standard Features

- Durable cast iron firebox with brick refractory pattern
- Direct Vent and Natural Vent models available
- "FireCast" Ceramic burner on Direct Vent models
- BTUs: Up to 38,000 LP & NG
- Natural gas models include LP conversion kit
- Standing pilot ignition, requires no electricity
- Can be vented through-the-wall or through-the-roof on Direct Vent models
- Operable front doors
- Insta-Flame Ceramic Burner on Natural Vent models

### Optional Features

- Vermont Castings Comfort Control System available on Direct Vent models (complete with hand-held remote and fan system)
- Thermostat or remote control on standard models
- Warming Shelves
- Variable speed, heat-activated fan kit for standard models
- Matching 6" enamel chimney connector for Natural Vent models
- Screen front
- Available in: Classic Black or six enamel colors: Bordeaux, Biscuit, Midnight Blue, Chestnut Brown, Ebony Black and Vermont Classic Green

**Stardance in Midnight Blue**

## STARDANCE

Vermont Castings most popular gas stove. Not too big or too small - just right!

### Standard Features

- All cast iron pre-assembled construction; ceramic glass front
- Direct Vent (top & rear vent)
- "FireCast" Ceramic burner on Direct Vent models
- BTUs: Up to 28,000 top vent; 21,000 rear vent
- Natural gas models include LP conversion kit
- Standing pilot ignition, requires no electricity
- Can be vented through the wall or through-the-roof on Direct Vent models
- Operable front doors

### Optional Features

- Vermont Castings Comfort Control System available on Direct Vent models (complete with hand-held remote and fan system)
- Variable speed, heat-activated fan kit for standard models
- Thermostat or remote control for standard models
- Direct Vent to Natural Vent flue adaptor
- Warming Shelves
- Screen front for use with operable front doors
- Available in: Classic Black or six enamel colors: Bordeaux, Biscuit, Midnight Blue, Chestnut Brown, Ebony Black and Vermont Classic Green

**Intrepid DV in Classic Black**

## INTREPID DV

Perfect for smaller spaces - only 2½" rear clearance; with simple rear direct-venting through-wall, or install on fireplace hearth venting into fireplace chimney.

### Standard Features

- "FireCast" Ceramic Burner
- Operable doors with optional fire screen mimic our Vermont Castings wood stoves
- Max 18,500 BTUs, Low 12,500 BTUs
- 80% efficiency
- Low clearances, 18" center height for rear exhaust
- Durable cast iron firebox with brick refractory pattern
- Adjustable Air Shutter, LP conversion included

### Optional Features

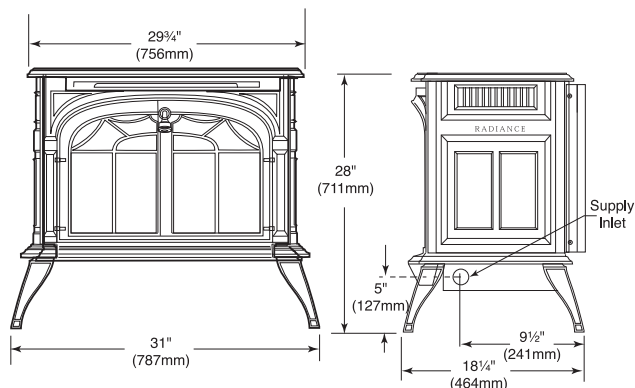

- Remote controls and thermostats; fire screen, fan kit
- Decorative warming shelves add to the authentic heritage
- Available in: Classic Black or six enamel colors: Bordeaux, Biscuit, Midnight Blue, Chestnut Brown, Ebony Black and Vermont Classic Green

# Cast Iron Direct and Natural Vent Gas Stoves

## Models • Radiance • Stardance • Intrepid DV

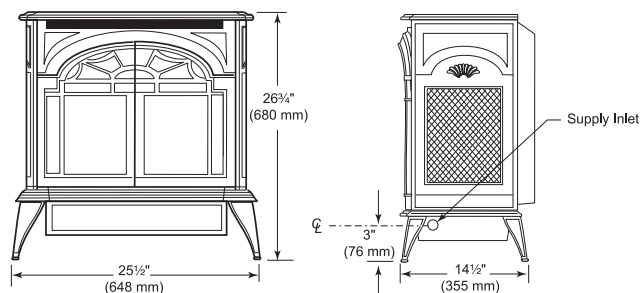

### Radiance Gas Stoves

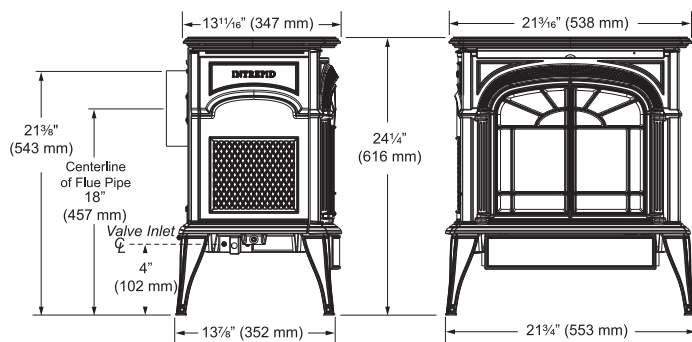

Specifications:	DV	NV
BTU Input High:	38,000 NG/36,000 LP	35,000
BTU Input Low:	25,000 NG/LP	25,000
Steady State Efficiency Rating:	77%	
EnerGuide Efficiency Ratings:	66%	
Weight:	350lbs / Shp. 375lbs	
Warming Shelf:	Each 7" W (front) x 14" L (side)	
Dimensions:	Clearances:	
Height: 28"	Back: 4"	
Width: 31"	Sides: 6"	
Depth: 18 1/4"		

### Stardance Gas Stoves

Specifications:	DV Top	DV Rear
BTU Input High:	28,000	21,000
BTU Input Low:	20,000	15,000
Steady State Efficiency Rating:	81%	
EnerGuide Efficiency Ratings:	66%	
Weight:	200lbs	
Warming Shelf:	Each 7" W (front) x 12 1/2" L (side)	
Dimensions:	Clearances:	
Height: 26 3/4"	Back: 4"	
Width: 25"	Sides: 4"	
Depth: 14 1/2"		

### Intrepid DV Gas Stoves

Specifications:	
BTU Input High:	18,500 NG/16,000 LP
BTU Input Low:	12,500 NG/12,000 LP
Steady State Efficiency Rating:	78%
EnerGuide Efficiency Ratings:	68%
Weight:	185lbs
Warming Shelf:	Each 7" W (front) x 10" L (side)
Dimensions:	Clearances:
Height: 24 1/4"	Back: 2 1/2"
Width: 21 3/8"	Sides: 4"
Depth: 13 7/8"	

Note: 6 5/8" Simpson Vent Collar
